RULING ON ENTITLEMENT¹

On December 30, 2020, Jeannine Woods (“Petitioner”) filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she received an influenza (“flu”) vaccination on December 11, 2019, and thereafter suffered from a left-sided shoulder injury related to vaccine administration (“SIRVA”). Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On August 25, 2022, Respondent filed a combined Rule 4(c) Report and Proffer in which he **concedes** that Petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report at 1. Specifically, Respondent states that Petitioner has satisfied the criteria for SIRVA set forth in the Vaccine Injury Table (“Table”) and the Qualifications and Aids to Interpretation (“QAI”). *Id.* at 4-5 (citing 42 C.F.R. §§ 100.3(a)(XIV)(B), (c)(10)).

¹ Because this unpublished Ruling contains a reasoned explanation for the action in this case, I am required to post it on the United States Court of Federal Claims’ website in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). **This means the Ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

Respondent further agrees that the case was timely filed, that the vaccine was received in the United States, and that Petitioner satisfies the statutory severity requirement by suffering the residual effects or complications of her injury for more than six months after vaccine administration. *Id.* at 5 (citing Sections 11(c)(1)(B)(i)(I) – 11(c)(1)(D)(i)).

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
